

Do you love the art of food? Are you looking for an inspiring home base to cook, bake, and create in a supportive environment?

WELCOME!

Moonlight Kitchens offers a fresh incubator atmosphere with two full commercial kitchens, a work room, storage, and a cleaning area. We're geared toward small manufacturers, caterers, and food truck operators but non-professional cooks are welcome as well.

SUPPORT

Missoula's food scene is booming and we make every effort to help our new cooks thrive. Moonlight Kitchens is seeking food entrepreneurs and artisans who want to source local and organic ingredients as a large part of their production philosophy. We support our neighbors and promote our local farmers and we can help you make that connection.

FLEXIBILITY

Moonlight Kitchens is designed for commercial cooking but individuals can use the kitchens for group cooking and canning, girls-night-out or a unique birthday party, and personal projects. Chefs can use the space to test recipes or create an intimate dinner. Ask about event packages & pop-up promos.

OUTREACH

We offer a variety of cooking classes to the public and collaborate with local businesses and our local farmers to offer bulk purchasing and seasonal specials to reduce ingredient costs and improve flavor.
